

## **Building Sustainable Language Rights Legislation: Reflections on the Northern Irish Landscape (Monday 13<sup>th</sup> June 2022)**

The organisers invite participants to join a half day workshop hosted by Dublin City University at the Institute for International and European Affairs, North Great Georges Street, Dublin 1. The workshop will consist of two sessions during which participants will hear presentations on language rights legislation and will be invited to discuss their own experiences with language rights, and to reflect on existing language rights legislation in other jurisdictions and how they might be adapted to meet the requirements in Northern Ireland.

The organisers welcome participants who are engaged with minority languages rights in community, in non-governmental and civil society organisations and in State-lead policy development, as well as from academics and practitioners in relevant disciplines.

The workshop will begin at 10.30am and finish at 3.00pm. Lunch and refreshments will be provided throughout the day.

Funds are available to defray travel costs for participants.
