Poster Presentations

We are delighted that, as part of the SLSA 2021, academics and postgraduate researchers will be showcasing their work through poster presentations. During the conference, posters will be available for viewing on the conference platform. You are welcome to explore presenters' work at any time, but you may find that the break periods provide you with time to view the posters. As with previous years, there is a specific poster competition for postgraduate researchers, and the winner will be announced during the Prize Announcements on Thursday 1st April at 11:45am. We are very grateful that Wiley has generously offered to sponsor this year's contest with a book voucher prize. Judging will take place during the PGR day on Monday 29th March.
